

INSTRUKCIJA ZWCAD 2023

VZD uzstādījumi darbam ar topogrāfijām programmā ZWCAD 2023

PROJEKTĒTĀJU VERSIJA

Lai pareizi atvērtos topogrāfijas uz ZWCAD (un AUTOCAD) programmatūras, ir jāveic iestatījumi ZWCAD programmai.

1. Lejuplādējam uz datora cietā diska iestatījuma failu no mūsu mājas lapas: <u>https://download.bimsoft.lv/topo_palete.zip</u>

2. Pēc lejuplādes pabeigšanas atzipojam failu. Šajā failā ir saspiesti uzstatījumu faili. Mapi novietojam adresē C:\TOPO PALETE, nemainot mapju un faila nosaukumus. Mapi pēc uzstādījumu veikšanas nedrīkst izdzēst.
